President's Message

John Arnold, CML - TLA President

Well turn out the lights, the convention is over. It was a good one. There is some good and bad news. We had really good classes. We have made lots of friends. Next year will be the best ever!

I see the association moving forward. We have lots of new ideas. We are going to be working on PR to help our members as well as the public. We have a lot of challenges with the scam-smiths out there. Not only are they ripping off the public. They are tarnishing our reputation as true professionals. They are starting to take large chunks of money out of legitimate locksmiths' pockets. This problem is not going away anytime soon. We must be proactive and use all tools at our disposal. The state is doing what they can, but public awareness is one tool we can use that can keep these guys from succeeding in their ruse.

Unfortunately we were unable to hold an election so all board officers were required to remain in office. Several of the 2008-2009 board members needed to retire over personal business. We have added some new board members (more on them in the future) and one has resigned and been put back in a new office. First I would like to thank my friends Bill Bybee, Billy Garrett, and Laurie Simon, Bill Bybee, RL has been my friend since day one when we traveled to Corpus Christi for our first convention. Bill represents a lot of our membership as a sole proprietor and 3rd career locksmith. Bill and I sure don't agree on much, but we have always remained friends and I respect and admire him. Thanks Bill. Billy Garret has gone through a tough year. He helped put together our trade show and worked diligently at the convention to see all was taken care. Billy is a man of integrity and I considered it an honor to work with him. Laurie Simon needs to legally change his name to Mr. Locksmith. He grew up in a lock shop and has been active in our profession for around 60 years and has forgotten more than I will ever know. He has turned around our expectation of our news letter. He represents all that I love about this business. Laurie please relax and take care, we need your experience and perspective for many years to come.

We were unable to raise the dues. This is a very bad situation. Our current dues were put in place in 1996(I believe). We are grossly out of line with inflation. We are going to work hard this year to raise money. We need enough to pay our lobbyist, attend all PSB meetings, and insure continuity and growth by hiring an association assistant to manage our day to day affairs. Board turnover creates a real problem with managing our member list, budget, etc. We will try again.

We had our first Golf tournament. Hata, Inc. sponsored the event. It was a lot of fun and we raised a lot of money for the legislative fund. Thanks to Dan Floeck, HL Flake, IDN Acme, Advanced Diagnostics, Pro Lock, IR Safety, Arrow Locks, ALOA, and more.

I look forward to serving you one more year. I am really excited.

John

Letter From Your Editor

Laurence (Laurie) Simon, RL

As many of my readers know, I will no longer act as the Editor of the TLA Advisor. Medically speaking, It has been a rough year for me. I am taking the advice of the various doctors that have I have been involved with to slow down, "stop pushing myself." I wish to thank all the wonderful people, the members of TLA who have been so supportive of me this past year. To all those who wrote, sent letters, called - again....Thank You.

My first TLA Convention was in 1968 or 69 when I came down from Chicago to peddle the key machines and tools that our family manufactured. The 1974 show, if I am not mistaken, was held at the Shamrock Hilton Hotel in Houston. It was 22 degrees below zero with snow in the air when I left Chicago. When I arrived I rented a car and had to turn on the air conditioning! This was in February! I knew then that I had to move to Texas and five years later, we arrived. There have been only a few conventions that I missed and unfortunately this years.

Much has changed since I joined TLA. Some good, some bad. The shows shrunk from three days to one. Today's emphasis is on education. Locksmiths are no longer just cutting keys, repairing and replacing but involved deeply in physical security including Electro-Mechanical, High Security, Transponders systems and products, etc. Education is essential now! Manufacturers and their Representatives exhibit these products and Distributors make new products available for sale along with Locksmiths' everyday requirements. One of the best parts is the Saturday night party when everyone has the opportunity to renew friendships from all parts of the State of Texas and beyond.

Look around you. When I first came to Texas there was no licensing, no regulation, and all you need to work on automobile locks was a paper clip, coat hanger and ice pick. Texas Locksmiths can no longer be without TLA. It's not just the education part, the fun of a convention, but your ONLY representative to the State of Texas and the governing laws, rules and regulations. It is the awesome responsibility of each and every member to solicit and get their unaffiliated competitors to join and share the expense that is on TLA's shoulders. Your Board of Directors cannot do it all on their own - they need each and everyone's help!

I'm not going anywhere special - I will be around for any one of you folks who want to contact me for something or another. Contact any Board member or go to my Web Site: <http://www.simon-says.net> - Dedicated to be a "never ending source of information."

Convention Report - Cont'd

Board of Directors Meeting

The 2009-2010 budget was set at 92,500.00. This is more than 2008-2009, but we have hired a new lobbyist. It is still lower than 2007-2008 as we anticipate lower convention costs. We have a lot of work to do this year to keep TLA from operating in the red.

Jason Stewart recognizes Glenn Koons, state that whatever reports we have for this meeting or anything we need to get them posted ASAP how many students how many members. New Board members. Jason Stewart makes a motion that Glenn Koons is approved to make changes to the website without board approval with the exception of official financial statements and communications between board members. Troy Maynard Seconded.

NEW BUSINESS

Nick Heath would like to have a Central computer for the database and QuickBooks using Log Me In.com we need a proposal on how much it will cost. Glenn Koons has a server that we can use for file storage. His server backs up every time you save. He could tie it to the TLA website Glenn Koons will set up logmein as a trial service. Motion Jason Stewart to give Glenn Koons a budget of up to 600 to update his online web software. Troy Maynard seconded all in favor

Budget for conference calls \$500.00 | Laura Milliorn, CRL motion the budget and Troy Maynard second that all in favor. The TLA Chase Business check card ending in 1288 will be on file.

Troy Maynard discussed the Audit Committee's Recommendations, presented at the membership meeting. There incomplete records before Laura Milliorn, CRL took possession of the books. Her audit was good for this previous year. From January 21 2006 - December 31, 2007 books had not been reconciled, but were approved by the previous audit committees (2006 and 2007). A forensic audit could be a waste of TLA's money. Glenn Koons wants to setup committee with one of the Board Members and 2 Regular Members to head the committee. Laura Milliorn, CRL made the suggestion that we use someone out of a third party to go over. Issue was tabled so John Arnold, CML and Troy Maynard go over everything from January 2006 –June 2008 and report to the BOD for further discussion.

Motion by Tom Richards that John Arnold, CML and Troy Maynard get with Laura Milliorn, CRL get all of the records, and present there finds to the Board at the next board meeting. Mark Dawson Seconded the Motion all in favor

New Members

Chris Cameron - William Bryant - James Sellers

3 members listed in the advisor all in favor. They are all new members. Welcome to TLA

Legal - License - Law

Texas Legislation

The Texas Locksmiths Association Position Statement

The Texas Locksmiths Association is a professional trade association representing thousands of locksmiths across the state of Texas. We are licensed by the Texas Department of Public Safety. In order to be licensed we must pass a criminal history check, demonstrate knowledge of the laws governing locksmiths in Texas and maintain liability insurance.

We support increased funding of the Private Security Bureau of the Texas Department of Public Safety. They do a great job of arresting un-licensed locksmiths, but we feel with increased funding and additional officers, they could have an even greater impact.

We support the majority of the changes called for in HB 2730 by Kolkhorst, and SB 1017 by Hinjosa, the DPS sunset bills.

We support HB 2286 by Driver. The bill will place un-licensed locksmiths under the deceptive trade practices act. This will give DPS another tool in their fight against this growing illegal practice.

We are working with Representative Guillen on HB 70 and Senator Whitmire on SB 809 to make certain that individuals with serious criminal histories who may be a threat to the public are not granted locksmith licenses.

If you have any questions on these or any other bills that may affect locksmiths, please contact a licensed locksmith from your district, or our lobbyist:
